Top tips

The secret to success is practising *little* and *often*. Use time wisely. Can you practise this KIRF whilst walking to school or during a car journey? You do not need to practise all aspects of the KIRF all at once; perhaps you could have a fact of the day, or a few facts per week to practise? If you would like more ideas, please speak to your child's teacher.

Practical resources and ideas

- Chant your twelve times table together.
- Write out the twelve times table and its linked division facts.
- **Fact families** – ask your child to give you a twelve times table fact, can they give three more facts in the same fact family?
